

FIRE LOCK BOX

Allows emergency access for gates

FLB100 Series

- Universal Design Fits Knox & Padlocks
- FLB100 Standard Size
- FLB100-Mini Streamline Design

The Fire Lock Box Series allows emergency access through automatic gates and pedestrian doors. The universal design works with both Knox Locks and padlock applications allowing Dealers and Distributors to stock a single box. It is available in a standard size and streamline size to blend in with most gooseneck posts.

The Fire Lock Box series allows emergency access through automatic gates and pedestrian doors. The universal design fits both Knox Lock and Padlock applications in a single box.
